Daniel's 70 Weeks

Dan. 9:24-27

1. The 70 weeks are weeks of years. [1 week = 7 years]
2. The 70 weeks are “*determined*” by God.
= They are ordained to happen
3. The 70 weeks relate to the Jews and Jerusalem
“*thy people*” and “*thy holy city*”
4. By the conclusion of the 70 weeks six (6) things will have come to pass. See them listed in vs. 24
5. The 70 weeks are unequally divided
 $7 + 62 + 1 = 70$
 - a) 7 weeks (49 years) takes the Prophecy clock to 396/397 BC the end of the OT – Book of Malachi written.
 - b) 62 are added to the 7 = 69 weeks (483 years)
 - c) The prophecy clock begins in 445 BC with “*the going forth of the commandment to restore and to build Jerusalem*”
 - d) This 69 week period ends with *the Messiah the Prince*”
 - e) This leaves 1 week (7 year period) at the end of that time all of the six things listed in vs. 24 will have been completed.
6. Two (2) events will take place between the 69th and the 70th weeks
 - a) “*shall Messiah be cut off, but not for himself:*”
 - b) and Jerusalem and the Temple will be destroyed
“*and the people of the prince that shall (the Anti-Christ) come shall destroy the city and the sanctuary;*”
7. The last week (7 years) begins with a covenant made between the Anti-Christ and the Jews. “*with many*”
8. This week is divided into two halves of 3 ½ years by the “*abomination of desolation*” “*in the midst of the week*”
9. It is my belief that this last 3 ½ years is called by the Lord “*the great tribulation*” This period is described in detail in Revelation 10-18 directly preceding our Lord’s return in Power and glory. [Rev. 19; Mat. 24:29-31; etc.] This time is described in various terms of equal value in the Revelation 11:2 (42 mos.), 11:3 (1260 days), 12:6 (1260 days), 12:14 (time + times + ½ time), 13:5 (42 mos.)
